# OVERCOME THE OBSTACLES.

When tight rescue situations arise, you need a durable and compact vehicle to safely get you there. Alexis Fire Equipment introduces Cub Cadet® Big Country utility vehicles, a custom-built solution for navigating through crowded urban streets, climbing over rugged terrain, or maneuvering into areas unreachable for conventional apparatus. With a low center of gravity for stability and a rugged suspension for a smooth ride, these indispensable workhorses are built to handle any job.

## OPTIONS AVAILABLE ON BOTH UNITS:

- Seat belts for all seating positions.
- Smooth aluminum cab doors with sliding windows (requires the canopy and soft sided cab enclosure options from Cub Cadet)
- Code 3 3692L4 Siren with 100-Watt Speaker mounted in the brush guard of the unit
- Code 3 LED warning lights – two (2) front, two (2) rear, and one (1) each side
- PowerArc PP2 warning lights – two (2) front, two (2) rear and one (1) each side

## FIRE SUPPRESSION UNITS
