[www.AlexisFire.com](http://www.AlexisFire.com)

## AERIALS

Platform, Stick, or Ladder trucks custom built with a variety of ladder sizes and types, Smart Truck Logic based controls, wireless remote controls, breathing air, a retractable waterway, operator's chair and joystick controller, and tip-mounted equipment. Choose from top-of-the-line lighting and accessories and fully customizable storage compartments.

## RESCUES

World-class chassis options for Custom or Commercial units on our all-welded 3/16" aluminum body, top brand lighting and accessories, drop down squad bench, customized storage options, single rear axle or tandem rear axle available as well as bumper extensions on all models.

## CUSTOM PUMPERS

Choose Spartan or HME chassis with Hale or Waterous pumps and your choice of Akron or Elkhart valves. Various discharge and intake options available to meet the specific needs of your department with preconnect and booster reel options. Industry-leading lighting and accessories with fully customized storage.

## COMMERCIAL PUMPERS

For heavy hauling, choose a top mount, side or rear control pumpers available with stainless steel piping or Class 1 Hose throughout the piping system. Ergonomic controls and gauges, hinged pump panels with top-brand lighting and accessories all on an all-welded 3/16" aluminum body.

## BRUSH TRUCKS

Built your way, choose 2-door, extended cab or 4-door option with bucket or bench seating, diesel or gas engine, pick-up truck with bed or cab and chassis with flatbed. Pick your Poly-Tank, add top of the line lighting and accessories with fully custom fabricated storage options and more to make this truck as unique as your department.

## TANKERS

Choose from Peterbilt, International, Freightliner, Chevy or Ford chassis customized with premium door lettering and striping. Top brand lighting and accessories, user-friendly pump operator's panels, versatile tank dump systems, and customized storage compartments make our tankers one-of-a-kind.

## RESPONSE ONE

Body sizes range from 10' to 16' with your choice of top commercial chassis brands. Floor mounted consoles, interior shelving units, SCBA seats and more with premium brand lighting and accessories. Structurally supported roof, customized storage compartments, slide-in skid units and dual hydraulic hose reels for added versatility.

## CUSTOM TRAILERS

Custom built Emergency Response Trailers are both economical and versatile. Whether the task at hand requires a Haz-Mat, Decontamination, Dive, Technical Rescue, or Special Response team, our trailers are fully customizable according to your department's specific needs.

## REFURBS

Refurbishment services include pump modules, tank replacement, tank reconditioning, dump installation, electrical and lighting repairs, body structural repairs, body modifications, custom equipment mounting, paint repair and repaints, as well as full apparatus refurbishment and repair.

## AEV AMBULANCES

AEV is a worldwide leader in the manufacture of emergency vehicles. Customers can choose from a basic emergency unit to their own customized specifications, including various models in Type II, Type III, Type I and Medium Duty units.
