

## RESCUE PUMPERS

For heavy hauling, choose a top mount, side or rear control pumpers available with stainless steel piping. Ergonomic controls and gauges, hinged pump panels with top-brand lighting and accessories on an all-welded 3/16" aluminum or 14 gauge 304 stainless steel body.

## CUSTOM PUMPERS

Spartan Custom Chassis with Hale, Waterous or Darley pumps and your choice of Akron or Elkhart valves. Various discharge and intake options available to meet the specific needs of your department with preconnect and ladder storage options. Industry-leading lighting and accessories with fully customized storage.

## BRUSH TRUCKS

Built your way, choose 2-door, extended cab or 4-door option with new attack zone seating, diesel or gas engine, pick-up truck with bed or cab and chassis with flatbed. Pick your size of Poly-Tank, add top of the line lighting and accessories with fully custom fabricated storage options and more to make this truck as unique as your department.

## TANKERS

Commercial or Spartan Custom Chassis. Choose a painted wetside tank or elliptical tank with stainless steel wrap, swivel dump, multiple pumping systems and module designs. All 14 gauge 304 stainless steel body and subframe.

## PUMPER / TANKERS

Choose Custom or Commercial Chassis with premium door lettering and striping. Custom designed roll-out drop down rack makes accessing your Fol-Da-Tank portable water tank quick and easy. We also offer top brand lighting and accessories plus versatile tank dump systems. Top or side control pump modules.

## RESCUES

Commercial or Spartan Custom Chassis options. All-welded 3/16" aluminum or 14 gauge 304 stainless steel body options. Walk around style body or walk-in with command center work area. Customized storage options and compartment layouts.

## RESPONSE ONE

Body sizes range from 10' to 16' with your choice of top chassis brands. Floor mounted consoles, interior shelving units, SCBA seats and more with premium brand lighting and accessories. Structurally supported roof, customized storage compartments, slide-in skid units and dual hydraulic hose reels for added versatility. Aluminum and stainless steel bodies.

## AERIALS

Spartan Custom Chassis with a variety of ladder sizes, corrosion-resistant outriggers, a wide selection of siren, speaker and warning light packages. Aluminum or stainless steel bodies.

## A FE DEMO UNITS

We offer an extensive line of demonstrator units available for immediate delivery - from pumpers and tankers to aerials and brush trucks. Our demos showcase our engineering strengths and are built with department needs in mind. Materials and drawings can be downloaded on our website.

## MINI PUMPERS

Featuring aluminum or stainless bodies, each unit is custom designed with your choice of Poly-Tank size, built-in foam cells, Waterous or Hale Pumps, an array of discharge options, storage and compartment layouts and preconnected hose lines.

## EQUALIZER SERIES

Pumpers available with a top or side control option, stainless steel bodies, and custom or commercial chassis. Pumps can be PTO or split shaft with pump sizes ranging from 1000-1500 GPM, tank capacities from 750 to 1000 gallons. Discharge panels behind roll-up doors.

## REFURBS + REMOUNTS

Our services include pump modules, tank replacement, tank reconditioning, dump installation, electrical and lighting repairs, body structural repairs, body modifications, custom equipment mounting, paint repair and repaints, frame rail replacement, re-chassis or complete re-build of existing unit.
